Education

Texas A&M University , Ph.D. in Economics	Fall 2022 - Present
Fields: Industrial Organization, Applied Microeconomics	Expected graduation: Spring 2027
Tufts University , M.S. in Economics	Spring 2022
Thesis track	
University of Tennessee, Knoxville , B.S. in Chemical & Biomolecular Engineering	Spring 2020
Minor: Technical Communication	

Research Interests

Empirical Industrial Organization

Topics: Antitrust, market power, banking, and payment systems

Current Projects

- "The Competition-Stability Tradeoff in the U.S. Banking Sector: Evidence from the Truist Merger" (with Giselle Labrador-Badia)
- "Liability, Intermediation, and Competition in Freight Transportation Markets"

Research Experience

Texas A&M University

Research Assistant to Prof. Kalena Cortes	Summer 2025
Research Assistant to Prof. Jorge Garcia	Fall 2024
Research Assistant to Prof. Steve Puller	Summer 2024
Research Assistant to Prof. Fernando Luco and Prof. Ben Klopac	Spring 2024
Research Assistant to Prof. Ben Klopac	Summer 2023

University of Tennessee, Knoxville

Research Assistant to Prof. Marianne Wanamaker	Summer 2020
Research Assistant to Prof. Scott Holladay	Fall 2019 – Summer 2020

Additional Experience

Eastman Chemical Co.

Polymers Technology Division Intern	Summer 2018
-------------------------------------	-------------

Colortech Inc.

Consulting Project Intern	Summer 2017
Process Engineering Co-op	Spring 2016 - Fall 2016

Teaching

Instructor for Sports Economics (ECON 315) Teaching Evaluations: 4.8/5	Spring 2025
TA for The Organization of Industry (ECON 425)	Spring 2026 Fall 2025 Fall 2023 Fall 2022
TA for M.S. Applied Econometrics (ECON 689)	Fall 2025 Spring 2023

Awards and Scholarships

Varkey Family Fellowship in Economics (Tufts University)	2021
Tisch Fellowship at Workforce Professionals Training Institute (Tufts University)	2021
K.M. Elliot Outstanding Senior in Chemical Engineering (University of Tennessee)	2020
Homer Johnson Chemical Engineering Scholarship (University of Tennessee)	2019
Blakely Award of Distinction in Technical Writing (University of Tennessee)	2019

Software and Methods

Most Proficient: Stata, MATLAB, Python, Excel, LaTeX

Some Experience: GIS, VBA, SAS
